

BOBBY FRANCE

From an early age, Bobby France knew that he was born to rock. The New Jersey native is no stranger to performing, with a musical career that has taken him across the east coast and into the recording studio alongside music legends like James Kottak (Kingdom Come, Scorpion), Joe Lynn Turner (Rainbow, Deep Purple) and Alan Greenwood (Foreigner). Combining driving guitar with high-energy stage shows, Bobby quickly gained a dedicated following, opening for national artists and performing for audiences ranging from 100 to 10,000. Now from his home base in Central Florida, Bobby is ready to launch his solo debut. His album, *Brand New Day*, will be released November 15, 2008 as part of the Bobby France CD release show at the renowned House of Blues in Orlando, Florida.
